DON BOSCO – AN EDUCATOR SAINT

Don Bosco was born on August 16, 1815 at Becchi, near the Italian city of Turin. When he was two years old, his father died, and he had to brave poverty and hardship to study. With the help of his loving mother Margaret, he studied and became a priest. He devoted his life to the service of the youths and came to be called the Father and Friend of the youths. Don Bosco died on January 31, 1888, and in 1934 he was declared a Saint of the Catholic Church.

In the wake of the Industrial Revolution, political unrest, moral and religious emptiness that swept across Europe, Don Bosco saw the city of Turin swarming with boys peddling odds and ends, showblacks, chimney sweeps, newspaper vendors and errand boys. He saw them in the prisons, idle and vermin - ridden. In the work places, boys were exploited. The boys were subject to cruel corporal punishments.

Don Bosco realised that thousands of these migrant youths needed education, care and guidance. He opened trade schools to train them. He sat on a bench and resoled a shoe in front of the boys. He started courses in printing, bookbinding, tailoring, carpentry and mechanics. He met the needs of the youths of his day. He provided them with schools and work playgrounds, religious instruction, professional training and a trade.

Besides devoting his energy to the education and care of young people, he founded the Salesian Society consisting of priests and brothers, co-founded the Institute of the Daughters of Mary Help of Christians and other groups of collaborators such as the Salesian Cooperators, Past Pupils, etc. These and several other societies which were founded following the inspiration of Don Bosco, today constitute the Salesian Family, a vast movement of persons dedicated to the service of the youths. He pioneered an educational system founded on the principles of reason, religious values and loving kindness.

The Salesians of Don Bosco (SDB) and the other members of the Salesians Family today work in over 130 countries, devoting themselves to mould the lives of young people. Don Bosco institutions and their services benefit thousands of young people all over the world. St. Anthony's College, Shillong, is one of the innumerable Don Bosco institutions that dot the world's map. During the last 89 years, thousands of young people have passed through the portals of this College.

Guided and inspired by the religious vision and educational philosophy of Saint John Bosco, popularly known as Don Bosco, St. Anthony's College, Shillong strives to provide quality education to young people with a special

focus on those who are economically and socially disadvantaged. Students, Staff, Parents and Management work in close collaboration with each other and with dedication to achieve the goals of education.

The management and staff consider their tasks in the college a sacred mission, a lifetime commitment, a passion, and a vocation to serve the youth. They continue to be role models through their personal integrity and uprightness, professionalism and competence. The students enjoy respect and freedom to grow as honest citizens and mature persons. Together, the educative community comprising the management, staff, students and parents continue to strive to realise the Motto of the College : “**Ever More Better Ever.**”

THE SALESIAN HIGHER EDUCATION PHILOSOPHY

As a Salesian institution of Higher Education of the Don Bosco Society, our philosophy of education is envisaged as:

Don Bosco's higher education philosophy is centered on the holistic development of the young, focusing not only on their intellectual growth but also on their emotional, moral, and spiritual well-being. This educational approach is called **Preventive System** and is based on three core principles:

Reason : Don Bosco believed in the importance of a robust academic foundation and the development of critical thinking skills. He emphasized the integration of reason and faith, encouraging students to be intellectually competent and open to new knowledge.

Religion (Spirituality) : The religious dimension of Don Bosco's philosophy aims to instil moral values, ethics, and a sense of social responsibility in students. The institution promotes a nurturing and inclusive environment where students can grow spiritually and understand the importance of living virtuous lives.

Loving Kindness : At the heart of Don Bosco's philosophy is the concept of “loving kindness”. This approach emphasizes the power of genuine care, respect, and support in the education of young people. It fosters a teacher-student relationship built on trust and affection, ensuring a positive learning experience.

In summary, Don Bosco's higher education philosophy strives to create well-rounded individuals who are intellectually competent, morally upright, socially committed and spiritually inspired people who are compassionate individuals ready to contribute positively to the society.

VISION AND MISSION

Mission

To mould intellectually competent morally upright, socially committed and spiritually inspired persons capable of building a more human social order within the context of the nations' plurality of religions and diversity of cultures.

ST. ANTHONY'S COLLEGE AT A GLANCE

St. Anthony's College was established in 1934 by the Don Bosco Society with the initiative of Rev. Fr. Joseph Bacchiarello, a Salesian Missionary. The compelling demand for higher education for the local youths motivated the founder to start college education, which was not usually done by the Don Bosco Society. Having obtained the permission to start, the College was inaugurated on 13th June, 1934 with English, History, Political Science and Bengali as the first Departments. Thus, St. Anthony's College became the first institute of higher education of the Don Bosco Society world wide.

Taking over the reins from Fr. Joseph Bacchiarello, the founding Principal, Fr. Iginus Ricaldone (1935 - 1952) carried on with the new venture during the difficult times of the Second World War. Fr. D. J. Wollaston (1952 - 1958) carried out further expansion and consolidation. Fr. Joseph Arokiasamy (1958 - 1982) was at the helm for nearly 24 years. Fr. N. J. Kenny, who was associated with the College from 1940 and looked upon as the constant symbol of St. Anthony's College, was Professor of English, Warden of the College Hostel, Vice Principal, and a permanent inspiring presence in the precincts of the College until his death in 1995. Fr. Paul Petta (1982 - 1986) began the modernisation process of the college and shifted it to its present premises where in 1984 - 85, the college celebrated its Golden Jubilee.

Further expansion and consolidation was brought about by Fr. Stephen Maveley (1986 - 2002) during whose time Professional subjects and Honours Programmes like Biotechnology, Biochemistry, Business Administration, Computer Science, Mass Communication, Media Technologies were launched.

More academic expansion was made in the recent years during the time of Fr. Ioannis Warpakma. The department of Music was started in 2005. The same year saw the beginning of the Post Graduate Course in Biotechnology. It is worth mentioning that it is for the first time a college under NEHU was allowed to open a PG Department. In 2007, the second PG Department, MCA

was started. At present, the College has a total of 30 programmes - 26 Under Graduate programmes and 4 Post Graduate programmes which includes PG Education and PG Political Science.

Together with the UG and PG academic expansion, career oriented add-on courses were started in order to enhance the employability of the students. UGC approved add - on courses and career oriented programmes affiliated / accredited to different institutions go on side by side with the Degree Courses. The importance of personality development and professional personal counselling led to the establishment, in 2006, of SILOAM the centre for Psycho-spiritual experience and leadership training located at Umsawkhwan, Barapani. With this establishment, the effort of the SDS, which was set up in 1995, to assist students through workshops, coaching, personal, educational and career guidance has been further strengthened.

The demand for IT Professionals has motivated the College to start relevant programmes like PGDCA, DOEACC 'O' Level, DCA, CCNA, OCA, RHTE, RHCE, SAP, Tally ERP 9 in the recent years.

The College celebrated its Platinum Jubilee in 2009 which marked its completion of 75 years of existence.

The College is in the process of implementing the NEP 2020.

College with Potential for Excellence by UGC (2006 onwards)

Under this scheme which the college has been enjoying since 2006, teaching and learning, research infrastructure and extension activities have been enhanced and the faculty and students have benefitted immensely from the scheme. It is a goal of the college to further improve itself with the help of the scheme and to move forward towards serving the state and the Country. The status was re-confirmed in 2009 and in 2014 for further five years.

Government Support

The College is in receipt of various government funds for enhancing education, research, and placement. These include DST-FIST and DBT hub funds dedicated to research, supporting advanced infrastructure and scientific innovation. RUSA fund focuses on improving educational infrastructure for better quality education. Additional funds like Meghalaya Prime and DIC Government of India promote innovation, entrepreneurship, and technological advancements.

The Guild holds chess playing sessions and also organizes competitions among students of the college to promote the game and to hone their playing skills.

Dance Club

The Dance Club taps the gifts and talents of students in self-expression through various dance forms. Even though the college does not have a department of performative arts, yet this club was formed due to the immense talents observed in the students of the college in this field. It provides guidance and training to students who desire to expand and to polish their talents in their selected dance forms by connecting them to resource persons, dance schools and institutes in the region and the country. The Club is being supervised by the Department of Hindi and Mizo.

ST. ANTHONY'S COLLEGE, SHILLONG ALUMNI ASSOCIATION (SACSAA)

The St. Anthony's College, Shillong Alumni Association (SACSAA), was started in 2005. The aim of the association is to keep in touch with our Alma Mater, and our friends and colleagues whom we met in the days at Anthony's.

The aim of the association is to give back to the college and the society at large some of the precious gifts we have received from it. The motto of the association is: Make a Difference. The members of SACSAA have long felt the need to concretely contribute to "making a difference" in the society.

After many deliberations and discussions among the members and the management of the College, the Association and the College Management decided to start a B.A. Honours Course and B.Com as an Evening Section for special category students. The programme is meant for economically challenged students and those who have not scored enough marks.

The aim of this programme is to give these students an opportunity to make a career for themselves. The Association also organizes other programmes that target the students of the College.

MENTORING

Mentoring is aimed at helping students to manage their own learning in order to maximize their potential, develop their skills to improve their performance and become the persons they want to be. Thus mentoring is a fundamental form of human development where the tutor invests time, energy and personal know how, assisting the growth and development of the students. Mentoring originated from the Greek word meaning “enduring”. It is defined as a sustained relationship between a youth and an adult. Through continued involvement the adult (usually older & always more experienced) offers support, guidance and assistance as the younger person goes through a difficult period, faces new challenges, or works to correct earlier problems. Mentoring is thus a development oriented initiative.

Mentee's Role

- Be honest
- Regard everything as confidential
- Express your wants clearly from beginning
- Do not expect to get all problems to be fixed
- Be Flexible in Meeting Arrangements

Responsibilities of the Mentees

- Utilize the possibilities of mentoring
- Be prepared to divulge all relevant information about particular issues.
- Regard all conversation with the mentor as confidential.
- Ensure that you make known what help you want from your mentor and seek clarifications whenever necessary.
- Be flexible in meeting arrangements if mentors cannot honor prior arrangements and changes have to be made.
- Ensure that the documentation of the mentoring sessions is done regularly, and periodic review is done with the mentor to assess the progress that is achieved.

Benefits for Mentees

- Enhances confidence and offers challenges to set higher goals, take risks and achieve at higher levels.
- Individual recognition and encouragement.
- Psychosocial support.
- Advice on balancing range of academic and personal responsibilities.
- Provides role modelling for professional life and facilitates the development of increased competencies and stronger interpersonal skills.
- Access to a support system during critical stages of your academic and career development.

- Exposure to diverse perspectives and experiences.
- Direct access to powerful resources within the academic environment.
- Provides a welcome point of stability during a time of change.
- Provide guidance on areas the student is unfamiliar with, such as facing life on the campus, preparing for exams etc.
- Provides opportunity to sound off ideas with mentors in a safe space.
- Increases personal knowledge and awareness.
- Develops an environment that supports constructive criticism
- Gives wisdom, advice, help and encouragement
- Provides an effective learning atmosphere
- Stimulates thinking about potential future employment options.

Benefits to both mentors and students

- Mentoring helps both the mentee and the mentor recognise their abilities and limitations, thus highlighting areas for future development.
- It helps prompt thought about academic development and come to a realistic conclusion about their career potential.
- It can help increase the motivation of both the mentee and the mentor. The mentee gains a new direction or perspective while the mentor feels a sense of achievement when the mentee succeeds.

Important Notice: Students are to abide by the rules and guidelines specified in the College handbook, website and other instructions that are notified.
